SPYKILLS (AKA Death Motiefs) cont..

What you did was while I was walking-on-my-own minding-my-own-business on-an-Island was harass, assault and follow me trying to track-me-down and basically hunt-me-like-some-animal. She threatened my life with Hervehicle trying to block-me-off and at dangerous speeds tried to-hit-me.

You Mister tried to physically assault me by madly running after mo on foot.

Both of you demanded that I get-in-the-car or else and then harassed, assaulted and followed me in the ways mentioned above.

To repeat, after going-to-the-pub with her husband I then left the pub to enjoy a walk through the Island.

You will apoligize to me **NOT VICE VERSA!!**, you will pay me appropriate charges for the assaults on my person, the emotional damage and the **fear** of being attacked by you and Herjeep. With this message I-sue-you for appropriate amounts and damages received from you&Her's attempt to murder me with Herjeep.

I have been greatly offended by these attacks on my person and whatever I might have **SAID** is grossly exxagerated by you, Her, Herhusband, & Bitch.

I caused no damage to you, your emotions, or anything belonging to you, Her, Herhusband or Bitch as opposed to the serious assaults, attacks, abuse and attempts to-murder me with Her jeep which you & Her did. I was tipsy and enjoying the scenery on the Island at about 9-12 pm August 16, 2010. The result is that until you pay me the damages caused to me by you & Her in the amount equal to the value of your house **AND** apologize to me, I will never again talk to you, visit you, or associate myself with anyone there.

Copies of this email have been sent to appropriate addresses.

ASSHOLE !!
